

BIODIVERSITY POLICY

We, as Yeşilyurt Demir Çelik A.Ş., hereby commit;

- To identify, monitor, and reduce the impacts on biodiversity that may arise from our activities,
- To observe the protection of natural habitats and to take measures aimed at preventing adverse impacts on ecosystems,
- To ensure compliance with national and international environmental legislation and other obligations related to the protection of biodiversity,
- To support the sustainable use of water, soil, and other natural resources and to increase resource efficiency,
- To evaluate the risks and opportunities on biodiversity by taking into account the environmental impacts that may arise within the scope of our activities,
- To prevent and reduce the biodiversity impacts that may arise from our activities and, where possible, to develop remedial/restorative practices; to aim to create a “Nature Positive” impact over the long term by adopting the “No Net Loss of Biodiversity” approach,
- To encourage our suppliers to also fulfil their environmental responsibilities and to support practices aimed at the protection of biodiversity,
- To carry out training and awareness-raising activities aimed at increasing our employees’ knowledge and awareness of biodiversity,
- To develop our efforts aimed at the protection of biodiversity in line with a continuous improvement approach by regularly reviewing our environmental performance,
- To contribute to the protection of natural resources, the sustainability of ecosystems, and leaving of a more liveable environment for future generations.
